# DEALERSHIP CAREER OPPORTUNITIES

**IDEALEASE**  
Truck Leasing & Rental®

## TRUCK SALES

Sales is more than just taking an order for a truck and delivering it. It's a relationship business, built on trust and attention to detail. Our new and used truck sales team are the experts in providing the right specifications for a customer's needs. Coaching a customer through the purchase process from the order, to financing, to delivery and trade-in are all part of the job, and it's very rewarding.

## PARTS TEAM

The parts team is the core of the business, serving outside customers as well as from the dealership's service department. From inventory/warehouse to counter sales to outside sales and more, the parts team reaches all areas of the dealership and our customer base.

## SERVICE DEPARTMENT

Our service team is one of the most vital parts of the business. Our customers demand the best, so we need the best techs to make that happen. We are ready to invest in you to help you achieve your goals.

In partnership with International, we also offer the following technician development and recognition programs:

### ***STEERING AHEAD INTERNSHIP PROGRAM***

This program is designed to put high school students on the fast track to become professional technicians. You'll get paid during the program, so you're learning and earning at the same time!

### ***UPTIME ACADEMY***

This apprenticeship program is for recent technical school graduates and consists of 12 months of hands-on training that we pay for. At the end, you'll get a full toolbox on the house and a guaranteed job at one of our locations.

### ***TECHNICIANS OF INFLUENCE***

This award goes out to both rookie and veteran techs who go the extra mile and demonstrate a commitment to continuous improvement. It takes hard work and dedication to achieve this award, which recognizes the best of the best in our network.

## LEASE & RENTAL

Truck leasing lets our customers focus on their business while leaving the truck maintenance to us. Whether it's a monthly rental or a lease for multiple years, we take the hassle out of transportation for them. Our leasing team covers account management, service, coordinating rentals and more.

## BENEFITS

Each role in our company comes with a competitive pay and benefits package customized to the job. Most roles offer the following to start:

- Medical / Dental / Vision Coverage
- 401K with Employer Match
- Life / Disability / Legal Insurance
- Paid Vacation and Holidays
- Employee Referral Bonus
